

SPANISH TRAINING AT YOUR OFFICE OR OUR SCHOOL OR ONLINE

Spanish is one of the most widely spoken languages with over 440 million speakers across 20 countries and is ranked as the most important language to learn by the British Council.

As London's most successful and vibrant Spanish School we are now bringing Vamos to the in-company market. Whether your organisation has a business imperative to develop Spanish skills, or wishes to support personal development and learning, Vamos can help.

The Vamos offer

Vamos is vibrant and dynamic. We bring together passion, fun and academic discipline to ensure the best learning outcomes.

More than 8,000 students have learnt Spanish at Vamos, testament to our high standards, choice and continuity of courses, and student engagement. Our on-line resources and social events mean our students practice what they learn whilst having fun.

As well as a strong team of experienced native language teachers we have a proven approach to workplace language learning. We adhere to the Common European Framework which provides an objective framework against which progress can be measured.

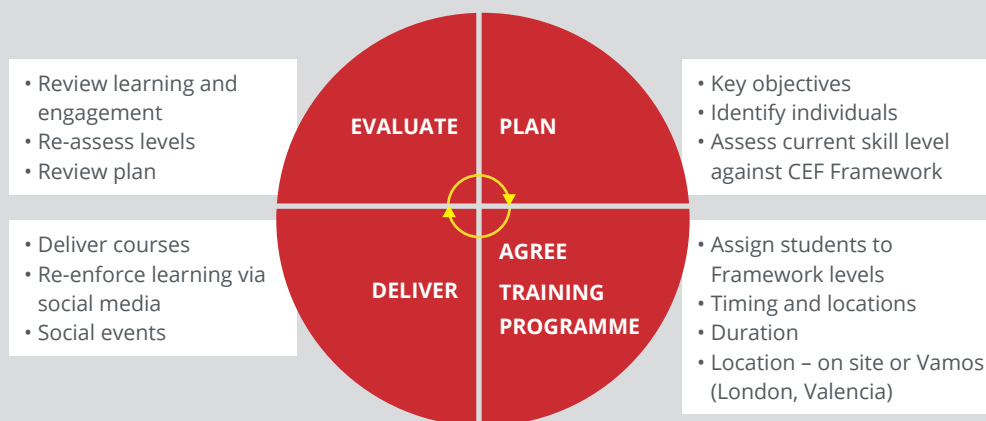

The value of Spanish

If you engage in Spain or Latin America the value of improving the Spanish of your teams is immense. You will improve team cohesion, strengthen interpersonal relationships, and improve job satisfaction and productivity. Even basic skills will strengthen your relationships and develop further business.

Vamos can offer the full spectrum of language teaching from 1-2-1 tuition to support key individuals prior to a new engagement, team training, or organisation wide training programmes.

This can take place either at your office or at our schools in London, or online, or through an immersion course in Valencia.

Our approach captures what success looks like for both the individuals and the organisation allowing us to track progress and accelerate learning.

"Vamos have provided us with in-house Spanish lessons for the past 6 months, the quality of teaching and service provided has been exceptional. I have received excellent feedback from delegates and would therefore highly recommend Vamos for Spanish language lessons."
